**Mandatory Attendance Age**

All children who are or will turn six years old before January 1 of the current school year are of mandatory attendance age. Children who have not turned eighteen years of age are of mandatory attendance age.

**Exceptions**

This policy does not apply when attendance is made impossible or impracticable by severe weather conditions or by the temporary illness of the student or a child whom the student is parenting.

A child who will not reach age 7 before January 1 of the current school year may be excused from mandatory attendance if the child's parent or guardian completes an affidavit affirming that alternative educational arrangements have been made for the child. A copy of the required affidavit is attached to this policy.

**Discontinuing Enrollment – 5 Year Old Students**

The person seeking to discontinue the enrollment of a student who will not reach six years of age prior to January 1 of the current school year shall submit a signed, written request and to the superintendent using the form which is attached to this policy. The school district may request written verification or documentation that the person signing the form has legal or actual charge or control of the student. For example, if the student accumulates 23 days of excused absences due to documented illness and is tardy one time, the Attendance Officer may file a report with the appropriate county attorney.

## **5002 Admission of Students**

Students shall be admitted to the school district who are:

- legal residents of the school district or otherwise entitled by Nebraska law to attend the schools of the district tuition-free;
- approved for option enrollment pursuant to policy;
- approved as foreign exchange students pursuant to policy;
- legal residents of a district that has contracted with this district for their educational services;
- statutorily entitled to attend the schools of the district on a part-time basis pursuant to policy; or
- out-of-state students who have been enrolled pursuant to policy.

Students who have been placed in a foster home within the school district are not residents of the district and will not be permitted to enroll unless the district has received a written determination from the Nebraska Department of Health and Human Services that it is in the best interests of the student not to attend his or her district of residence.

Prior to enrolling any student who is a ward of the state of Nebraska or a ward of any court, the district will ask to review a completed copy of the "Education Court Report Form" promulgated by the Nebraska Supreme Court's Commission on Children and Families in the Courts – Education Sub-Committee. If there is no such completed form, district staff will offer assistance to the appropriate responsible individual in securing the information necessary to complete the form as part of the district's enrollment process.

Except in adult education classes or when otherwise required by law, no student who is of 21 years of age or older, or who has earned a high school diploma or its equivalent will be allowed to be enrolled in or continue to attend school in the district.

Students who seek to enroll in the district must comply with each board policy, state statute and regulation that applies to their situation. Grade level placement will be determined in accordance with district policy.

## 5002.1

### Admission of Students Who Reside Out of the State of Nebraska

Students who reside in a state other than Nebraska must submit an application to enroll in the district at least three weeks prior to the beginning of the semester in which they wish to begin attending the district. Out of state students may not enroll mid-semester.

The administration will review each application and is authorized to admit out-of-state students whose academic history, disciplinary records, prior school community involvement and other relevant factors indicate that they will be successful in this school district. Those who have verified disabilities pursuant to the Individuals with Disabilities in Education Act or section 504 of the Rehabilitation Act will not be excluded from admission based solely on their disability. The administration may reject an out-of-state student when acceptance of the student:

- Would increase the operating costs of the school district, such as by requiring the hiring of new staff or contracting with outside entities to provide services to the student;
- Would require the procurement of new equipment, technology, or furnishings;
- Would cause or require the rearrangement of caseloads for staff and contracted professionals;
- Is reasonably deemed by appropriate school staff to pose a potential risk to the health or safety of students or staff;
- May pose a risk of adversely affecting the quality of educational services being provided to resident students, as determined by appropriate school staff.

The administration's approval or disapproval of an out-of-state student's application is final.

Out-of-state students who are admitted pursuant to this policy must meet the requirements of board policy 5002 and must comply with each board policy, state statute and regulation that applies to their situation. Once admitted, they will be subject to the same disciplinary rules and procedures as resident students. Students must reapply for admission prior to each semester. Re-admission may be denied for students who are not academically and/or

### **Admission of Part-Time Students**

A student may be permitted to enroll on a part-time basis pursuant to this policy and applicable curricular practices when enrollment is appropriate for reasons that include but are not limited to the following: the student attends another education institution on a part-time basis; is enrolled for a limited number of credit hours needed to graduate; has a modified schedule because of a disability or as part of an individualized education plan; or is a student who resides in the school district but attends a private, denominational, or parochial school or a school that elects not to meet accreditation or approval requirements (referred to herein as an exempt school student or an exempt school, respectively).

**Application for Enrollment.** The parent or guardian of an exempt school student who is of appropriate age to attend school, resides in the school district, has not graduated from high school, and has not received a graduate equivalency diploma must meet all of the district's admission requirements and file an application for enrollment on forms provided by the school district by August 1 of the year of enrollment. For second semester high school courses, the application must be filed by December 1. For students who move into the district mid-semester, the application must be filed within 20 days of moving into the district. The administration shall review the application, determine whether to approve or deny it, notify the parent or guardian, and schedule enrollment at an educationally appropriate time in the building or attendance center of the administration's choice. Enrollment does not carry over from one school year to the next, and the parent or guardian of an exempt school student must apply for enrollment each school year.

**Limitations Based on Resources.** The enrollment of exempt school students is subject to limitations established by the district for grades, classes, courses, and programs based on the limited resources available to the school district. Full-time students shall be given priority for enrollment in grades, classes, courses, and programs.

**Placement of Students.** Exempt school students shall be placed in courses for which they have adequate preparation and which are determined to be educationally appropriate based on criteria that include, but are not limited to the student's age, achievement test scores, academic record, evaluation by school personnel and any other standards used by the district for the placement of students.

**Grades and Academic Honors.** Exempt school students shall receive grades, report cards, and transcripts, but shall not be eligible to graduate,

## 5004 Option Enrollment

The board of education supports the concept embodied in the Enrollment Option Program that parents and legal guardians have the primary responsibility for insuring that their children receive the best education possible. Accordingly, the school district will participate in the option enrollment program and receive option students as provided herein.

### 1. Definitions

- a. **Option Student Defined.** Option student shall mean a nonresident student who has chosen to attend the school district under the provisions of the option enrollment program.
- b. **Resident School District Defined.** Resident school district shall mean the school district in which a student resides or in which the student is admitted as a resident of the school district pursuant to state law.
- c. **Option School District Defined.** Option school district shall mean the school district that a student chooses to attend other than his or her resident school district.

2. **Persons Entitled to Apply for Option Enrollment of Students.** Only parents and legal guardians may apply for option enrollment of students. Applications filed by foster parents and adults acting *in loco parentis* are not authorized and will be automatically denied.

3. **Duties, Entitlements and Rights of Option Students.** Except as otherwise provided herein, once an option student's option enrollment application has been accepted he/she shall be treated as a resident student of the school district.

### 4. Standards for Acceptance or Rejection of Option Students.

- a. **Numeric Capacity.** The board of education may set the numeric capacity of programs, classes, grade levels, or school buildings by operation of this policy or through freestanding action by the board. Numeric Capacity will be determined based upon available staff, facilities, projected enrollment of resident students, projected number of students with which the option school district will contract based on existing contractual arrangements, and availability of appropriate special education programs. Individuals

seeking information about the numeric capacity set by the board may contact the superintendent for a copy of that resolution.

- b. Programmatic Capacity.** In addition to the numeric capacity standards referred to above, the board may, by resolution, declare a program, a class, or a school unavailable to option students due to lack of capacity. Individuals seeking information about the programs that have been declared to be unavailable due to lack of capacity may contact the superintendent for a copy of the board's resolution.
- c. Other Standards for Acceptance or Rejection of Option Enrollment Applications.** In addition to the numeric and programmatic capacity standards outlined above, the school district shall not accept an option student when acceptance of the student:

  - i. Would increase the operating costs of the school district, such as by requiring the hiring of new staff or contracting with outside entities to provide services to the student;
  - ii. Would require the procurement of new equipment, technology, or furnishings;
  - iii. Would cause or require the rearrangement of caseloads for staff and contracted professionals;
  - iv. Is reasonably deemed by appropriate school staff to pose a potential risk to the health or safety of students or staff;
  - v. May pose a risk of adversely affecting the quality of educational services being provided to resident students, as determined by appropriate school staff.
- d.** The school district shall accept an option student with a disability only to the extent that the school district's then current staff and facilities are sufficient to accommodate the student's needs without significantly increasing the operating costs of the school district, such as by requiring the hiring of new staff.
- e.** The school district shall not base the decision to accept or reject an option student on the student's previous academic achievement, athletic or other extracurricular ability, disabling condition(s), proficiency in the English language, or previous disciplinary proceedings.

- f. If there are more option student applicants for any program, class, grade level or school building than can be accepted into such program, class, grade level or school building, applicants shall be accepted in the following order:
    - i. students with brothers or sisters attending the school district, either as resident students or as option students, shall be granted first priority;
    - ii. thereafter, option students shall be accepted into such program, class, grade level or school building in the order in which written applications were received by the school district.
- 5. **False or Misleading Option Applications.** If, prior to the student's attendance as an option student, the school district discovers that a previously accepted option application contained false or substantively misleading information, the option application will be rejected.
- 6. **Academic Credits and Graduation.** The school district shall accept credits toward graduation that were awarded by another school district, and shall award a diploma to an option student if the student meets the graduation requirements of the school district.
- 7. **Information Regarding Schools, Programs, Policies and Procedures.** The school district, its officers and employees, shall make information about the school district and its schools, programs, policies and procedures available to all interested people.
- 8. **Procedure for Students Optioning Into or Out of the School District.**
  - a. The parent or legal guardian of any student desiring to option into or out of the school district shall submit a proper and timely application to the board of education and the other affected school district for enrollment during the following and subsequent school years. Any application requiring the approval of the school district shall be deemed submitted when the application is actually received in the school district's business office.
  - b. On or before April 1<sup>st</sup>, the school district shall notify the parent or legal guardian of any student who has submitted an application to option into the school district and the resident school district, in

writing, whether the application is accepted or rejected. If an application is rejected, the reason for such rejection shall be stated in the notification. This written notice shall be sent via certified mail to the address listed on the option application.

**9. Late Applications and Requests for Release**

- a.** The board of education may refuse a request of a student seeking to option out of the school district when the option application is submitted after March 15<sup>th</sup> under the following conditions:
  - i. When the district has already entered into contracts with teaching staff for the following school year;
  - ii. When the district has already contracted for the performance of specific services for the student;
  - iii. When the release of the student would have a negative financial impact or loss of revenue for the district.
- b.** The board of education will approve late applications to option into the district under the following conditions:
  - i. When the resident district has released the student;
  - ii. When the student's late enrollment into the district meets the standards for acceptance or rejection of option students contained elsewhere in this policy;
- b.** The superintendent will notify parents or guardians who have submitted properly completed option applications after March 15<sup>th</sup> no later than 60 days following submission of the application of the board's acceptance or rejection of the application.

**10. Students Who Do Not Need a Release from the Resident District**

- a. A student does not need to be released from his/her resident district under the following circumstances:
  - i. When the student has relocated to a different resident school district after February 1
  - ii. When a student's option school district merges with another district effective after February 1
- b. The school district shall accept or reject an application from a student under this paragraph using the criteria set forth in this policy and will accept or reject the application within forty-five days.

### **11. Cancellation of Option.**

Students who option either into or out of the school district shall:

- a. Attend the option school district until graduation or relocation/re-option in a different resident school district unless the student chooses to return to the resident school district, in which case the student's parent or legal guardian shall timely submit a cancellation form to the school board or board of education of the option school district and the resident school district for approval for the following year.
- b. Attend an option school district for not less than one school year unless the student relocates to a different resident school district, completes requirements for graduation prior to the end the school year, transfers to a parochial or private school, or upon mutual agreement of the resident and option school districts cancels the enrollment option and returns to the resident school district.

### **12. Authority of Superintendent.**

The board of education authorizes the superintendent of schools to make decisions on its behalf pursuant to and to apply the criteria articulated by this policy in determining whether to grant or deny option enrollment applications.

In reviewing the application, the administration will consider the following factors:

whether the student possesses a sufficient command of the English language;

Students who are pregnant or parenting are encouraged to continue participating in the district's educational and extracurricular programs.

**I. Accommodations Regarding Attendance and Participation**

**A. Generally**

Students who anticipate deviations from their regular school experience or accrue absences due to pregnancy or parenting should notify their building principal as early as possible to discuss their educational programming. The building principal will work with the student to develop a plan to assist the student in participating in district curriculum and extra-curricular activities. Such a plan may include:

1. If the student cannot regularly attend classes, the provision of online courses;
2. The arrangement of meeting times with teachers;
3. If the student has not identified appropriate childcare, the identification of child care providers that meet statutory requirements for quality and care; and

As permitted by law, students may be entitled to accommodations as a result of pregnancy.

**II. Accommodations Regarding Lactation and Breastfeeding**

**A. Accommodations**

1. In order to accommodate lactating and breastfeeding students, the district will provide reasonable

opportunities to express breast milk or breastfeed in a place, other than a bathroom, which is shielded from view and free from intrusion from district students, employees, and the public.

2. Students who wish or need to express breast milk on a regular schedule will work with school administrators to create a schedule which accommodates the student's needs while facilitating education to the maximum extent possible.
3. The district will provide a location for students to store expressed breast milk in or near the location designated for students to express milk to create the least amount of disruption to the student's participation in class or activities.

  - c. Ensuring homeless children and youth and their families are referred to appropriate health care, housing, and other relevant service providers and programs available in the community;
  - d. Assisting other District personnel to work with homeless children and youth and their families on regular attendance, participation in programs and activities of the District, and completing academic work to meet academic standards of the District;
  - e. Assisting homeless children and youth and working with other District employees to prepare for and improve college readiness, including assistance with applications, selection, financial aid, and status verification for purposes of the Free Application for Federal Student Aid; and
  - f. Carrying out other aspects of this policy.
  
3. **Definitions**
  - a. "Homeless children and youth" means individuals who lack a fixed, regular, and adequate nighttime residence and includes:

- i. Children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals;
    - ii. Children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;
    - iii. Children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
    - iv. Migratory children who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described in clauses (i) through (iii).
  - b. The term "homeless" or "homeless individual" does not include any individual imprisoned or otherwise detained by an act of Congress or by state law.
  - c. "Child" and "youth" refers to persons who, if they were children of residents of the District, would be entitled to a free education.
  - d. The term "unaccompanied youth" shall mean a homeless child or youth not in the physical custody of a parent or guardian.
  - e. "School of origin" means the school that the child or youth attended when permanently housed, or the school in which the child or youth was last enrolled.
- 4. School Stability and Enrollment.** Generally, the District presumes that keeping a homeless child or youth in their school of origin is in the child's best interest unless it is contrary to a request of the child's parent, guardian, or in the case of an unaccompanied youth, the youth. The District will also consider factors including, but not limited to: the impact of mobility on achievement, education, health, and safety of the child.
- 5. Strategies to Address Enrollment Delays.** In order to address enrollment delays resulting from homelessness, the school district shall immediately enroll homeless students even if they are unable to produce records normally required for enrollment such as immunization and

medical records, residency documents, birth certificates, school records, or other documentation, or guardianship documents. The school district shall immediately contact the school last attended by the student to obtain academic and other records. The school district's homeless liaison shall assist in obtaining necessary immunizations, or immunization or medical records.

- 6. Transportation.** Transportation shall be provided to homeless students to the extent required by law and comparable to that provided to students who are not homeless. At the request of the parent or guardian (or in the case of an unaccompanied youth, the liaison), transportation shall be provided to and from the school of origin as follows:

  - a. If the homeless child or youth continues to live in the area served by the school district, the child's or youth's transportation to and from the school of origin shall be provided or arranged by the school district.
  - b. If the homeless child's or youth's living arrangements in the area served by the school district terminate and the child or youth, though continuing his or her education in the school district, begins living in an area served by another school district, the school district and the new school district in which the homeless child or youth is living shall negotiate to agree upon a method to apportion the responsibility and costs for providing the child with transportation to and from the school district. If the districts are unable to agree, the responsibility and cost for transportation shall be shared equally.
- 7. Records.** The District will maintain and respond to requests for enrollment records for homeless children or youth consistent with its record policies and state and federal record laws. Any information about a homeless child's or youth's living situation shall be treated as a confidential education record and shall not be deemed directory information.
- 8. Dispute Process.** If a dispute arises over school selection or enrollment in a school:

  - a. The child or youth shall be admitted immediately to the school in which enrollment is sought, pending resolution of the dispute;

- b. The child, youth, parent, or guardian shall be referred to the district's homeless liaison who shall carry out the dispute resolution process within (30) thirty calendar days after receiving notice of the dispute;
- c. The parent or guardian of the child or youth or, in the case of an unaccompanied youth, the youth, shall be provided with a written explanation of the school's decision regarding school selection or enrollment, including the rights of the parent, guardian, or unaccompanied youth to appeal the decision within (30) thirty calendar days of the time such complaint or dispute is brought.
- d. In the case of an unaccompanied youth, the homeless liaison shall ensure that the youth is immediately enrolled in the school in which enrollment is sought pending resolution of the dispute.

## 9. Appeal Process

- a. **Nebraska Department of Education.** If the Complainant is not satisfied with the written decision of the District after the dispute resolution process, the Complainant may appeal the decision of the District to the Commissioner of the Nebraska Department of Education within (30) thirty calendar days of receipt of the decision from the District, pursuant to Nebraska Department of Education Rule 19.
- b. **State Board of Education.** If the Complainant is not satisfied with the decision of the Commissioner, the Complainant may file a Petition with the State Board of Education within (30) thirty calendar days of the receipt of the decision of the Commissioner pursuant to Nebraska Department of Education Rule 19.

## **5016 Student Records**

The school district shall manage student records and reports as is necessary for effective administration and in compliance with law. In general "student records" shall not include transitory communications such as e-mail, text messages, handwritten communication between school and home, and the like, and these items will not generally be maintained by the district. "Student records" also shall not include any records created and maintained by the district's law enforcement unit for a law enforcement purpose.

For purposes of the district's compliance with state and federal law, the district "maintains" as "student records" all records, files, and documents which are located in any format and within any storage unit of the district, whether in hard copy, digital, or otherwise.

Each building principal will assign responsibilities for the preparation and maintenance of records and will ensure compliance with the applicable federal and state laws, regulations, and record retention schedules regarding their storage and use in the building. No "student record" or record required to be retained by the Nebraska Secretary of State's Record Retention Schedules applicable to the district will be destroyed unless it is first saved in a retrievable, digital format. This includes only records required to be kept by the applicable Retention Schedules and "student records" as defined by state and federal law, and this policy does not prohibit the district from following its record expungement procedures for all other records.

Students or their parents, guardians, teachers, counselors, or school administrators shall have access to the school's files or records maintained concerning themselves or their students. For purposes of this policy, "teachers" include paraeducators and volunteers who are providing educational services to a student on behalf of the School District. A school official may access, maintain, and use education records containing personally identifiable information (PII) when he or she has a legitimate educational interest in such. "School official" includes any agent, volunteer, or contractor performing an institutional service or function for which the school would otherwise use its own employees and who is under the school district's direct control with respect to their access to, maintenance of, and use of PII from student records. For example, a school official may include, but would not be limited to, a teacher or other educator, administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); school board member; volunteer; contractor or consultant who, while not employed by the school, performs an institutional

service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, representative of the district's insurance providers, auditor, medical consultant, therapist, or a third-party website operator who has contracted with the school district or its agent to offer online programs for the benefit of students and/or the district; members of law enforcement acting on behalf of the school district; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a "legitimate educational interest" if the official needs to review an education record in order to fulfill a school-related professional, contractual, statutory, or regulatory responsibility.

All disciplinary material shall be removed and destroyed upon the pupil's graduation or after the pupil's continuous absence from the school for a period of three years, and after authorization is given by the State Records Board pursuant to state law. Upon request, the school district will disclose education records without consent to officials of another school district in which a student seeks or intends to enroll.

Outside agencies such as physicians, probation officers, psychologists, child guidance clinics, and other agencies concerned with child welfare who are working directly with a child may have access to information pertaining to that child with written parental consent or upon issuance of a valid court order.

The school district shall share student data, records, and information with school districts, educational service units, learning communities, and the State Department of Education to the fullest extent practicable unless otherwise prohibited by law. This includes sharing information with the Department of Education necessary to comply with the requirement of state law that all third-year high school students take a college entrance exam. Any redisclosure of information related to the administration of this exam shall be governed by the agreement between the Nebraska Department of Education and the third-party testing company.

Each year, the school district will notify parents and guardians of their rights under this policy and the Family Educational Rights and Privacy Act.

- Address
- Telephone number, including the student's cell phone number

- Certain class work which may be published onto the Internet
- Classroom assignment and/or home room teacher
- Student ID number, user ID, or other unique personal identifier used by the student for purposes of accessing or communicating in electronic systems, but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password, or other factor known or possessed only the authorized user.

Directory information does not include a student's social security number.

Upon request, the district will provide military recruiters and institutions of higher education with the names, addresses, and telephone numbers of high school students unless a student's parents have notified the district in writing that they do not want this information disclosed without their prior written consent. Military recruiters will be granted the same access to a student in a high school grade as is provided to postsecondary educational institutions or to prospective employers of such students.

Within 30 days prior to or following the commencement of each school year and, for a new student who enrolls after the commencement of a school year, within 30 days following such enrollment, the district will notify parents and guardians each year of their rights under this policy and the Family Educational Rights and Privacy Act. Parents will be given an opportunity to prevent the release of this directory information by filing a written objection with the district.

When a student reaches 18 years of age, the permission or consent required of and the rights accorded to the parents or guardians of such student under this policy shall only be required of and accorded to such student. Within 30 days prior to or following the commencement of each school year and, for a new student who enrolls after the commencement of a school year, within 30 days following such enrollment, each school district shall notify each student who is at least 18 years of age or who will reach 18 years of age during such school year of (1) the option to make a written request to the school district that routine directory information for such student not be released in response to a request made by a military recruiter without such student's written consent and (2) that any such request made previously by a parent or guardian for such student expires upon the student reaching 18 years of age.

### Parent and Guardian Involvement In Education Practices

The school district recognizes the importance of parental and guardian involvement in the education of their children. The school district will take the following steps to ensure that the rights of parents and guardians to participate in the education of their children are preserved.

1. Parents/Guardians will be provided access, as described in district procedures, to district-approved textbooks and other curricular materials and tests used in the district upon request.
  - a. A parental request to review specific approved textbooks and other district- or building-approved curricular materials (written, visual, and audio) should be made to the principal of the building where the textbooks and curriculum materials are used.
  - b. Parents may check out textbooks and may review curricular materials such as video and audio recordings within a time frame determined by the building principal to prevent disruption of the instructional process.
  - c. A parental request to review specific standardized and criterion-referenced tests used in the district should be made in writing to the building principal. Copies of the most recent tests used in the district will be available for parent review. Parents wishing to review statewide assessments will be provided with sample questions and a copy of a practice test, but will not be provided with copies of the actual assessment due to testing security. In the case of other secure tests such as the ACT, parents must contact the publisher to obtain copies of the test.
2. Parents/Guardians will be permitted, within district procedures, to attend and observe courses, assemblies, counseling sessions, and other instructional activities.
  - a. Parents/guardians are invited to make appointments with the building principal to visit classes, assemblies and other instructional activities. The principal shall give permission after determining that parental/guardian observation would not disrupt the activity. Observations that last more than 60 minutes or occur on consecutive days are typically disruptive and will not be permitted absent unusual circumstances, in the sole discretion of the building principal.

- b. Parents/guardians may contact the building principal to request permission to attend counseling sessions in which their child is involved.
3. Parents/guardians will be permitted, within district procedures, to ask that their children be excused from school experiences that parents find objectionable.
  - a. Building principals may excuse a student from any single school experience at the parent's written request.
  - b. When appropriate, alternative experiences will be provided for the student by the school.
4. Parents/guardians will be informed through the student handbook and district policies of the manner that the district will provide access to records of students.
5. Parents/guardians will be informed of the standardized and criterion-referenced district testing program. Parents may request additional information from the building principal.
6. Parents/guardians will be informed of the circumstances under which they may opt-out of state and federal assessments.
  - a. In accordance with federal law, at the beginning of the school year, the District shall provide notice of the right to request a copy of this policy to parents/guardians of students attending schools receiving Title I funds. The District will provide a copy of this policy to a requesting parent in a timely manner.
  - b. State Assessments

State and federal law simultaneously require students to take state assessments, with few exceptions, but also permit parents or guardians to request to opt their students out of these assessments. Approval of opt out requests is contrary to the mandatory testing laws, so the District cannot "approve" the request. Parents who do not present their child for testing will result in the child receiving the lowest score possible on the assessment.

c. National Assessment of Educational Progress

As a condition of receiving federal funds, the District participates in the National Assessment of Educational Progress (NAEP). To help ensure that the District has a representative sample of students taking the NAEP, which will allow the District to assess the quality and effectiveness of its programming on a national level, the District strongly encourages all eligible students to participate. However, student participation in NAEP is voluntary.

The District shall provide parents/guardians of eligible students with reasonable notice prior to the exam being administered. Parents/guardians wishing to opt their students out of the NAEP assessment must notify the district in writing at least five days prior to the exam date to ensure that the District can coordinate supervision and alternative activities for students who have opted out.

7. Parents/guardians will be notified of their right to remove their children from surveys prior to district participation in surveys.

- a. The principal must approve all surveys intended to gather information from students before they are administered to students.
- b. Students' participation in surveys is voluntary. Parents/guardians may restrict their child from participating in any survey.

**Communicating with Parents**

Parents shall be kept informed of student progress, grades, and attendance through report cards, progress reports, and parent/teacher conferences. The school district will notify parents if their students are failing or close to failing, either through communication from the school or through parental access to the district's student information system. The school district will endeavor to notify parents of failing students prior to entry of the failing grade on the student's report card. Parents will also be notified of their student's possible failure to meet graduation requirements. Other pertinent information will be communicated to parents by mail, electronic communication, telephone calls, by personal contact or other appropriate method. Official transcripts of student progress, grades, and attendance will be sent to other school systems upon the student's transfer when the district receives a written request signed by the student's parent or guardian or upon being notified that the student has enrolled in another school. By providing the school district with their telephone number(s), parents agree to receive notifications from the school district's automatic notification system.

**Rights of Custodial and Non-Custodial Parents**

The school district will honor the parental rights of natural and adoptive parents unless those rights have been altered by a court.

The term "custodial parent" refers to a biological or adoptive parent to whom a court has given primary physical and legal custody of a child, and a person such as a caseworker or foster parent to whom a court has given legal custody of a child.

The district will not restrict the access of custodial and non-custodial parents to their students and their students' records, unless the district has been provided a copy of a court order that limits those rights. If the district is provided such a court order, school officials will follow the directives set forth in the order.

The district will provide the custodial parent with routine information about his or her child, including notification of conferences. The district will not provide the non-custodial parent with such information on a routine basis, but will provide it upon the non-custodial parent's request unless it has been denied by the courts.

A non-custodial parent who wishes to attend conferences regarding his or her child will be provided information about conference times so both parents may attend a single conference. The district is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times.

If either or both parents' behavior is disruptive, staff members may terminate a conference and reschedule it with appropriate modifications or expectations.

### **Investigations, Arrests, and Other Student Contact by Law Enforcement and Health and Human Services**

The school district and its administrators and staff desire to maintain a positive working relationship with law enforcement officers and other representatives of governmental bodies in the discharge of their duties. However, this desire must be balanced against other equally important factors such as a student's legal rights, ensuring that a student's time spent in school is for education, and acknowledging that the school stands *in loco parentis* to the students.

"Law enforcement officer" means police officers, county sheriffs, state patrolmen, Health and Human Service workers, Child Protective Services workers, Office of Juvenile Services workers, probation officers, U.S. Immigration and Customs Enforcement (ICE) agents, Federal Bureau of Investigations agents, or any other government investigatory workers.

"Parent" means the biological or adoptive mother or father, guardian, responsible relative, or any other person who has claimed legal or actual charge or control of the student pursuant to Nebraska law or Title 92 Nebraska Administrative Code Chapter 19.

Law enforcement officers are encouraged whenever possible to talk to a student away from the school before or after school hours so as to cause as little disruption as possible to the student's education.

Law enforcement officers may be called to the school at the request of school administration, or they may initiate contact with the school for their own purposes. Contact between the school and law enforcement officers on matters involving students shall be made through the office of the superintendent or building principal and the law enforcement officer. All reasonable attempts should be made to avoid embarrassing the student before his or her teachers and peers, and to avoid disrupting the student's and school's education program. Any questioning by law enforcement officers that is permitted should be conducted in a private room or area where confidentiality can be maintained. This should be an area removed from observation by or contact with other pupils and school personnel.

School staff shall promptly notify the superintendent when a student is questioned, arrested, or removed from school grounds by law enforcement officers.

### **School Related Criminal Activity**

This section applies to alleged or suspected criminal activity that occurs on school grounds; in a vehicle owned, leased, or contracted by a school being used for a school purpose or in a vehicle being driven for a school purpose by a school employee or by his or her designee; or at a school-sponsored activity or athletic event.

Law enforcement officers will be allowed to contact and question students at school regarding school related criminal activity as provided below.

The building principal must be notified before a student may be questioned in school or taken from a classroom by law enforcement. The building principal should request identification of the officers, their affiliation with the identified law enforcement agency, and whether their purpose is to interview, interrogate, or take custody of the student.

The building principal will make reasonable attempts to contact a student's parent for their consent and/or presence before the student is interviewed. In the event that a parent cannot be contacted after reasonable attempts, the student will be questioned only if the law enforcement officer identifies emergency circumstances requiring immediate questioning. A building principal or designee shall be present for such questioning solely to further school purposes or avoid duplication of the investigative process. The student will be brought to a private room and the contact will be made out of sight of others as much as practicable.

If the student is suspected of criminal activity, it is the responsibility of the law enforcement officer to advise a student of his or her rights against self-incrimination.

The building principal shall document steps taken to notify parents, summarize the law enforcement activities, identify the actions taken by the District on behalf of the student, and any further contacts with law enforcement officer.

### **Non-School Related Criminal Activity**

Law enforcement officials may not question students at school unless parental consent is obtained or the law enforcement authorities have a warrant or court order.

### **Taking a Student into Custody**

Law enforcement officers seeking custody of a student must contact the superintendent or building principal. The principal will request the arresting

law enforcement officer to provide a copy of the arrest warrant, written parental consent, court order, or other document giving authority to take the student into legal custody. If there is no document presented, the principal should obtain the officer's name, badge number identifying the law enforcement agency, date, time, the reason for the arrest, and the place to which the student is reportedly being taken. Whenever practicable, the arrest or release of the student should be conducted in a location and in a manner that minimizes observation by others.

When a law enforcement officer removes a student from the school, the building principal will take immediate steps to notify the parent about the student's removal and the place to which the minor is reportedly being taken, except when a minor has been taken into custody as a victim of suspected child abuse.

### **Child Abuse and Neglect**

When law enforcement officers seek to investigate reports of alleged child neglect or abuse regarding a student, the building principal shall obtain a proper identification from the authorities or officials. If a student interview is conducted on school grounds, the building principal or designee and such other school personnel as appropriate shall observe the interview.

If the law enforcement officer decides to remove the student from school, school officials shall provide the law enforcement authorities with the address and telephone number of the student's parent or guardian. The principal or other school official shall, as a condition of releasing the student to the law enforcement officer, require the officer to sign a statement certifying that the child is being removed from school premises because he or she is believed to be the victim of child abuse and that the officer understands and will comply with the legal requirements of NEB. REV. STAT. § 79-294.

### **Student Records**

Student records will be shared with law enforcement officers only as allowed by state and federal law.

Students who suffer from a significant illness which has an actual or expected duration of six months or more may be eligible for accommodations and supports under Section 504 of the Rehabilitation Act or under the Individuals with Disabilities in Education Act. The school will provide accommodations to students who are returning to school after a prolonged absence due to illness, including pediatric cancer, through a 504 plan or an IEP, as appropriate. The student's plan will include informal or formal accommodations, modifications of curriculum and monitoring by medical or academic staff as determined by the student's IEP team or 504 committee. Parents and staff will engage in ongoing communication about the needs of a student who is facing these circumstances.

Students who become ill at school will be sent to the building office where the school nurse or other school employee will determine the appropriate response. When a child is too ill to remain at school, a school employee will contact the child's parent(s) and make arrangements for the child to be picked up or sent home. If an illness or injury requires immediate medical attention, school officials shall attempt to contact the child's parent(s) regarding treatment for the child. If the parents cannot be contacted, school officials may have the child treated by an available physician. Students who show symptoms of a contagious disease may be sent home, and the district may require a physician's statement before allowing such students to return to school.

Parents must complete an emergency information card for each child enrolled in the district. The card should list the family physician's name, where parents or a responsible adult can be located, and any necessary emergency instructions.

Parents and guardians who wish to have their child receive medication from school personnel must comply with the following procedures:

**1. Prescription medication**

- a. Parents/guardians must provide a physician's written authorization for the administration of the medication.
- b. Parents/guardians must provide their own written permission for the administration of the medication.
- c. The medication must be brought to school in the prescription container and must be properly labeled with the student's name, the physician's name, and directions for administering the medication.

**2. Non-prescription medication**

- a. Parents/guardians must provide written permission from the parents and a physician for the administration of the medication.
- b. The medication must be brought to the school in the manufacturer's container.

## 5035 Student Discipline

Administrative and teaching personnel may take actions regarding student behavior, other than those specifically provided in this policy and the Student Discipline Act, which are reasonably necessary to aid the student, further school purposes, or prevent interference with the educational process. Such actions may include, but need not be limited to, counseling of students, parent conferences, referral to restorative justice practices or services, rearrangement of schedules, requirements that a student remain in school after regular hours to do additional work, restriction of extracurricular activity, or requirements that a student receive counseling, psychological evaluation, or psychiatric evaluation upon the written consent of a parent or guardian to such counseling or evaluation. Disciplinary consequences may also include in-school suspension, Saturday School, and any other consequence authorized by law. District administrators may develop building-specific protocols for the imposition of student discipline.

In this policy, references to "Principal" shall include building principals, the principal's designee, or other appropriate school district administrators.

Any statement, notice, recommendation, determination, or similar action specified in this policy shall be effectively given at the time written evidence thereof is delivered personally to or upon receipt of certified or registered mail or upon actual knowledge by a student or his or her parent or guardian.

Any student who is suspended or expelled from school pursuant to this policy may not participate in any school activity during the duration of that exclusion including adjacent school holidays and weekends. The student activity eligibility of a student who is mandatorily reassigned shall be determined on a case-by-case basis by the principal of the building to which the student is reassigned.

### **Short-Term Suspension**

The Principal may exclude students from school or any school function for a period of up to five school days (short-term suspension) on the following grounds:

1. Conduct constituting grounds for expulsion as hereinafter set forth; or,
2. Other violations of rules and standards of behavior adopted by the Board of Education or the administrative or teaching staff of the school, that occur on or off school grounds, if such conduct interferes with school purposes or there is a connection between such conduct and school.

The following process applies to short-term suspension:

1. The Principal shall make a reasonable investigation of the facts and circumstances. Short-term suspension shall be imposed only after a determination that the suspension is necessary to help any student, to further school purposes, or to prevent an interference with school purposes.
2. Prior to commencement of the short-term suspension, the student will be given oral or written notice of the charges against the student. The student will be advised of what he or she is accused of having done, be given an explanation of the evidence the authorities have, and be given an opportunity to explain the student's version of the facts.
3. Within 24 hours or such additional time as is reasonably necessary following the suspension, the Principal will send a written statement to the student, and the student's parent or guardian, describing the student's conduct, misconduct or violation of the rule or standard and the reasons for the action taken. An opportunity will be given to the student, and the student's parent or guardian, to have a conference with the Principal ordering the short-term suspension before or at the time the student returns to school. The Principal shall determine who, in addition to the parent or guardian, is to attend the conference.
4. Students who are short-term suspended will be given the opportunity to complete classwork, including but not limited to examinations, under the following conditions: All classwork must be completed by the time the suspension is completed.

### **Weapons and/or Firearms**

Students may be disciplined for the possession of weapons and/or firearms pursuant to the board's separate policy on weapons and firearms or state law.

### **Long-Term Suspension**

The process for long-term suspension is set forth below.

Such action may be modified or terminated by the school district at any time during the expulsion period.
2. **Summer Review.** Any expulsion that will remain in effect during the first semester of the following school year will be automatically scheduled for review before the beginning of the school year. The review will be conducted by the hearing officer who conducted the initial expulsion hearing, or a hearing officer appointed by the Superintendent in the event no hearing was previously held or the initial hearing officer is no longer available or willing to serve, after the hearing officer has given notice of the review to the student and the student's parent or guardian. This review shall be limited to newly discovered evidence or evidence of changes in the student's circumstances occurring since the original hearing. This review may lead to a recommendation by the hearing officer that the student be readmitted for the upcoming school year. If the school board or board of education or a committee of such board took the final action to expel the student, the student may be readmitted only by action of the board. Otherwise the student may be readmitted by action of the Superintendent.
3. **Suspension of Enforcement of an Expulsion:** Enforcement of an expulsion action may be suspended (i.e., "stayed") for a period of not more than one full semester in addition to the balance of the semester in which the expulsion takes effect, and as a condition of such suspended action, the student may be assigned to a school, class, or program/plan and to such other consequences which the school district deems appropriate.

##### **A. Acceptable Use**

1. Students may use the Internet to conduct research assigned by teachers.
2. Students may use the Internet to conduct research for classroom projects.

## **II. Enforcement**

### **A. Methods of Enforcement**

The computer system is owned by the school district. As with any school property, any electronic files on the system are subject to search and inspection at

any time.

2. The school district uses a technology protection measure that blocks access to some Internet sites that are not in accordance with the policy of the school district. Standard use of the Internet utilizes a proxy server-based filter that screens for non-curriculum related pages.
3. Due to the nature of filtering technology, the filter may at times filter pages that are appropriate for student research. The system administrator may override the technology protection measure for the student to access a site with legitimate educational value that is wrongly blocked.
4. The school district staff will monitor students' use of the Internet through direct supervision and by monitoring Internet use history to ensure enforcement of the policy.

  - d. Other discipline as school administration and the school board deem appropriate.

**III. Children's Online Privacy Protection Act (COPPA)**

- A. The school will not allow companies to collect personal information from children under 13 for commercial purposes. The school will make reasonable efforts to disable advertising in educational computer applications.
- B. This policy allows the school to act as an agent for parents in the collection of information within the school context. The school's use of student information is solely for education purposes.

**Definition of Bullying.** Nebraska statute defines bullying as "an ongoing pattern of physical, verbal or electronic abuse." The Centers for Disease Control and Prevention defines bullying as "any unwanted aggressive behavior(s) by another youth or group of youths who are not siblings or current dating partners that involves an observed or perceived power imbalance and is repeated multiple times or is highly likely to be repeated." **Bullying Prohibited.** Students are prohibited from engaging in any form of bullying behavior.

**Reporting Bullying.** Students who experience or observe bullying behavior must immediately report what happened to a teacher or administrator. Students can use the district's anonymous platform [www.maywoodtigers.org/quicklinks](http://www.maywoodtigers.org/quicklinks) to make this report. Students may always confer with their parents or guardians about bullying they experience or witness, but the students must also ultimately report the situation to a teacher or administrator.

**Disciplinary Consequences.** The disciplinary consequences for bullying behavior will depend on the frequency, duration, severity and effect of the behavior.

A student who engages in bullying behavior on school grounds, in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or his or her designee, or at school-sponsored activities or school-sponsored athletic events may be subject to disciplinary consequences including but not limited to long-term suspension, expulsion, or mandatory reassignment.

Without limiting the foregoing, a student who engages in bullying behavior that materially and substantially interferes with or disrupts the

educational environment, the district's day-to-day operations, or the education process, regardless of where the student is at the time of engaging in the bullying behavior, may be subject to discipline to the extent permitted by law.

**Bullying Based on Protected Class Status.** Bullying based on protected class status is unique and may require additional investigation. The appropriate district staff member or coordinator will promptly investigate bullying complaints that violate the district's antidiscrimination policies.

**Support for Students Who Have Experienced Bullying.** Regardless of where the bullying occurred, the district will consider whether victims of bullying are suffering an adverse educational impact and, if appropriate, will refer those students to the district's student assistance team.

**Bullying Prevention and Education.** Students and parents are encouraged to inform teachers or administrators orally or in writing about bullying behavior or suspected bullying behavior. School employees are required to inform the administrator of all such reports. The appropriate administrator shall promptly investigate all such reports. Each building shall engage in activities which educate students about bullying, bullying prevention and digital citizenship.

**Policy Review.** The school district shall review this policy annually.

The school district will enroll a child who will reach the age of five between August 1<sup>st</sup> and October 15<sup>th</sup> of the year of enrollment if the parent or guardian requests such enrollment and provides an affidavit stating:

- (a) the child attended kindergarten in another jurisdiction in the current school year; or
- (b) the family anticipates relocating to another jurisdiction that would allow admission within the current year; or
- (c) the child has demonstrated through recognized assessment procedures approved by the board that he or she is capable of performing the work of kindergarten.

Each year, the district will have a Kindergarten Enrollment and Assessment Period ("Assessment Period"). Parents or guardians whose child is a legal resident of the district wishing to enroll pursuant to this policy must complete all requirements for enrollment no later than the end of the Assessment Period. The date, time, and location of the Assessment Period will be made available annually.

Parents or guardians of students who become legal residents of the district after the Assessment Period, and thus were unable to participate in the Assessment Period, must contact the elementary principal about registering and/or scheduling a time for assessment.

### **District Title I Parent and Family Engagement Policy**

The school district will jointly develop with parents a School-Parent-Student Compact that outlines how the parents, school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State's high standards.

The written District Parent and Family Engagement Policy will be jointly developed and distributed to parents and family members of participating children and the local community in an understandable format and to the extent practicable, in a language the parents can understand. An annual evaluation of the content and effectiveness of the Parent and Family Engagement Policy will be used to design evidence-based strategies for more effective parental involvement, to revise the Parent and Family Engagement Policy and to remove barriers to participation.

The school district recognizes the unique needs of students who are being served in its Title I program, and the importance of parent and family engagement in the Title I program. Parent and family engagement in the Title I Program shall include, but is not limited to:

1. An annual meeting to which all parents of participating children will be invited to inform parents of their school's participation under this part, to explain the requirements of this part, and the right of the parents to be involved. Invitations may take the form of notes sent with students or announcements in the school newsletter. Additional meetings may be scheduled, based upon need and interest for such meetings.
2. An explanation of the details for the child's and parents' participation, including but not limited to: curriculum objectives, the forms of academic assessment used to measure student progress and the achievement levels of the challenging State academic standards, type and extent of participation, parental input in educational decisions, coordination and integration with other Federal, State, and district programs, and evaluations of progress.
3. Opportunities for participation in parent involvement activities such as training to help parents work with their children to

improve achievement. A goal of parent activities is to provide parents with opportunities to participate in decisions relating to the education of their students, where appropriate.

4. The district will, to the extent practicable, provide parents of limited English proficiency, parents with disabilities, parents with limited literacy, are economically disadvantaged, are of a racial or minority background or parents of migratory children with opportunities for involvement in the Title I Program. Communication to parents about student progress and the district's other Title I Program communications will be provided in the language used in the home to the extent practicable. Responses to parent concerns will be provided in a timely manner.
5. Opportunities for parent-teacher conferences, in addition to those regularly scheduled by the school district, if requested by the parents or as deemed necessary by school district staff.
6. The district will coordinate and integrate parental involvement programs and activities with other programs in the community. These may include cooperation with other community programs such as Head Start and preschools and other community services such as the public library.
7. Educate teachers, specialized instructional support personnel, principals, and other school leaders, with the assistance of parents in the value and utility of contributions of parents, how to reach out to, communicate with and work with parents as equal partners.

This policy shall be reviewed annually at the annual meeting where concerned parties can have a conversation about possible changes to the Parent and Family Engagement Policy.

The school district is not qualified under law to comply with directives to physicians limiting medical treatment and will not accept such directives. **Audio and Video Recording**

Students and their parents or guardians should assume that any class in which students are enrolled may be recorded by the school district or other students for legitimate educational purposes. Recordings permitted pursuant to this policy may only be used for authorized purposes and may not be republished without additional, written consent from a school administrator. For purposes of this policy "recording" includes still photographs, video, audio, and other similar data captured in any medium.

**Recordings Made by The District.** The district may use cameras or other devices for purposes of making security, safety, or other recordings without a specific purpose or for a specific purpose when such recordings are deemed necessary or appropriate by the administration. The district will not maintain the recordings unless the recording is purposefully copied and saved, and the recordings will only be available for review for a limited time based on the district's then-current recording capacity. The district administrators estimate that this is approximately 10 days but may change at any time.

**Classroom Recordings by Staff.** Staff members may make audio and video recordings of classroom instruction and school activities upon authorization of the superintendent or supervising administrator.

**Prohibited Recordings by Students.** Unless otherwise authorized by this policy or law, students are prohibited from making audio or video recordings during the school day on school grounds; when being transported to and from school activities or programs in a vehicle owned, leased, or contracted by a school being used for a school purpose by a school employee or by his or her designee; or at a school-sponsored activity or athletic event, unless the recording is made in a manner permitted by the school for members of the public. In such an instance, the students remain subject to the district's appropriate use and student discipline policies.

For example, this policy does not prohibit students from making recordings of an athletic event for their personal use similar to a parent or other patron, subject to other applicable board policy. However, this policy generally prohibits students from using smart-speakers or other devices which actively or passively create or transmit audio or video recordings, including Google Home, Amazon Alexa, Apple HomePod, and AngelSense devices.

**Permitted Classroom Recordings by Students.** Students may make audio or video recordings of classroom lectures or discussions:

- (1) For their convenience after providing notice to the classroom teacher and receiving the teacher's permission;
- (2) For the benefit of another student who is absent after providing notice to the classroom teacher and receiving the teacher's permission;
- (3) If recording is necessary to accommodate the student's disability and is required by the student's Individualized Education Plan (IEP) or Section 504 Plan.

Staff may revoke permission to record if the recording distracts from or disrupts the classroom environment, unless the recording is necessary to accommodate a student's disability.

**Permitted Non-classroom Recordings.** Students may make audio or video recordings otherwise prohibited by this policy outside the classroom only with the permission of a teacher or school administrator, provided that such recordings otherwise comply with any applicable state and federal laws and district policy. In no event shall photographs or video recordings be taken or made in restrooms, locker rooms, or other areas where there is a reasonable expectation of privacy.

Any other students residing in the same household or otherwise at risk of infection should be inspected as soon as possible after the initial diagnosis.

The student will not be excluded from school the day of the diagnosis unless the student has been diagnosed previously and attempts at treatment have failed. ## **Disenrollment Packet**

Disenrollment from school is a serious decision with significant legal ramifications. Nebraska Statutes § 79-201 to 79-209 cover compulsory attendance at public school, exceptions, and the ways that a parent or a student who has reached 18 years of age may disenroll. The forms in this packet will help parents and students complete the legally required steps.

The disenrollment process is different for students of different ages. Multiple forms are contained in this packet. You only need to complete one of the disenrollment forms. When selecting the correct form for disenrollment, please note that the forms ask about your student's current age AND what age your student will be on January 1 of the current school year.

Depending on the age of your student at disenrollment, an exit interview may be required by state law.

## Superintendent Verification of Exit Interview

I Mark Bejot, am Superintendent of Maywood Public Schools. Principal Lucas McCain and I attended the exit interview with the parent and child on \_\_\_\_\_, 20\_\_.

Any other person that was requested by any of the required parties who agreed to attend the exit interview and who was available at the time designated for the exit interview was permitted to attend.

At the interview, I received evidence of the following:

1. The person requesting disenrollment has legal or actual charge or control of the student; and
2. The student is disenrolling due to either:
  - a. Financial hardships requiring the student to be employed to support the student's family or on or more dependents of the student; or
  - b. The student has an illness which makes attendance impossible or impracticable.

At the interview, I provided:

1. All known alternative educational opportunities, including vocational courses of study available to the student in the district; and
2. Information regarding how withdrawal from school is likely to reduce the potential future earnings for the student and increase the likelihood of the student being unemployed in the future.

In my opinion, the parent has legal and actual charge of the child and the child's illness makes attendance impossible or impracticable, or the child is experiencing financial hardship which necessitates employment to support the family.

REQUEST TO DISENROLL AND PROCEDURE FOR DISENROLLMENT

Student Name: \_\_\_\_\_

Requester's Name: \_\_\_\_\_

Reason for Disenrollment (please also attach any documentation which supports the reasons for disenrollment, if applicable):

- Financial hardship requiring the student to be employed to support the student's family or a dependent(s) of the student.
- Student's illness which makes attendance impossible or impracticable.

Proof of legal or actual charge or control of the student (please also attach any documentation which proves legal or actual control of the student, if applicable):

---

---

---

---

Upon receipt of this signed, written request for disenrollment, the superintendent or superintendent's designee will set a time and place for an exit interview. The following persons must attend the exit interview:

1. The student, unless the student is too ill to attend;
2. The person(s) with legal charge or control of the student who requested the interview;
3. The superintendent or the superintendent's designee;
4. The student's then-current principal or the principal's designee; and
5. Any other person requested by any of the required parties who agrees to attend the exit interview and is available at the time designated for the exit interview which may include, but need not be limited to, other school district personnel or the student's principal or such principal's designee if the student is enrolled in a private, denominational, or parochial school.

At the interview, the Requester must present the following evidence, if it has not already been provided with this form:

1. The Requester has legal or actual charge or control of the student; and
2. The student is disenrolling due to either:

- a. Financial hardships requiring the student to be employed to support the student's family or on or more dependents of the student; or
- b. The student has an illness which makes attendance impossible or impracticable.

At the interview, the superintendent or the superintendent's designee must:

- 1. Identify all known alternative educational opportunities, including vocational courses of study available to the student in the district; and
- 2. Discuss how withdrawing from school is likely to reduce the potential future earnings for the student and increase the likelihood of the student being unemployed in the future.

At the conclusion of the interview, the Requester may either withdraw the request for disenrollment or sign the disenrollment form provided by the district. The disenrollment form is different from the written request to disenroll, and it must include:

- 1. The signature of the student, unless the student's illness prevents the student from attending the exit interview;
- 2. The signature of the superintendent or superintendent's designee; and
- 3. Acknowledgment from the superintendent or superintendent's designee that
  - a. The interview was held and the required information was presented;
  - b. In the opinion of the superintendent or the superintendent's designee, the person making the written request has legal or actual charge or control of the child; and
  - c. The child is in fact experiencing financial hardships requiring the child to be employed to support the child's family or one or more of the child's dependents, or the child's illness makes it impossible or impracticable to attend.

By signing below, I understand that I am representing to the school district that I am in legal or actual charge or control of the student.

# INFORMATION FOR COMPLETING THE ENROLLMENT OPTION APPLICATION FORM

Photocopies should be made for communication and coordination of the necessary information with Applicants and Schools.

When completing applications for the Enrollment Option Program, applicants and school officials should be aware of the following dates:

September 1:	Earliest date for submitting applications for the next school year.
March 15:	Deadline for filing applications unless a waiver of dates is granted.
April 1:	On or <u>before</u> this date, the Option District must inform the Resident District of all names of applications.
April 1:	Final date for option district to respond to the application.

**NOTE:** Enrollment Option is available only once to each student prior to graduation except that an option does not count toward that limitation if it meets, or met at the time of the option, one of the following criteria: (a) The student relocates to a different resident school district, (b) the option school district merges with another district, (c) the option school district is a Class I district, (d) the student will have completed either the grades offered in the school building originally attended in the option school district or the grades immediately preceding the lowest grade offered in the school building for which a new option is sought, (e) the option would allow the student to continue current enrollment in a school district, (f) the option would allow the student to enroll in a school district in which the student was previously enrolled as a student, or (g) the student is an open enrollment option student.

**NSAA Eligibility:** "Potential applicants should consult with officials of the Nebraska School Activity Association (NSAA) to determine a student's eligibility for participation in extracurricular activities if a student is or may be participating in any activities sponsored by the NSAA."

#### DEFINITIONS:

**Option School District:**

A public school district the student chooses to attend other than his or her resident school district.

**Option Student:**

A student that has chosen to attend a public school district other than his or her resident school district, including a student who resides in a learning community and who has chosen to attend an option school district in such learning community prior to the effective date of the establishment of such learning community, but not including a student who resides in a learning community and who enrolls in another school district in such learning community.

**Resident School District:**

The public school district in which a student resides, or attends as a resident student.

**Note:**

The Resident and Option School Districts should retain this form until the student completes school or cancels the Enrollment Option.

#### DIRECTIONS FOR COMPLETING SECTION 1:

- The parent or legal guardian should complete this section. The student may complete this section if he or she is an emancipated minor or age 19 or older.
- A separate application form is required for each applicant.
- Learning Community open enrollment students for any part of the 2016/17 school year would be automatically approved as open enrollment option students for the 2017/18 school fiscal year and could continue in the same school without submitting an additional application unless the student has completed the grades offered in the school or is disqualified due to an expulsion.
- Indicate in the appropriate spaces:
  - If the student needs Special Education services and has an Individualized Education Program (IEP).
  - If the applicant has a sibling that is a current option student.
  - If the applicant has attended the option district for the immediately preceding two years.
  - If the student relocated after February 1<sup>st</sup>.
  - (Optional) if the applicant qualifies for free or reduced price lunches.
- Applicant must currently reside in the Resident School District listed in Section 1 at the time of application.
- The application should be signed and delivered to the office of the superintendent of schools of the Option School District.

#### DIRECTIONS FOR COMPLETING SECTION 2:

- This is only needed if the application is made after March 15.
- If the Resident School District will not waive deadline dates, the reason for denial must be stated in the appropriate space.

#### DIRECTIONS FOR COMPLETING SECTION 3:

- If the Option School District approves the application, indicate by marking the appropriate space.
- Submission of an incomplete form is not an adequate reason to deny an application. The Option School District officials should secure a complete form prior to the March 15 deadline.
- If the Option School District denies the application, the reason for denial must be stated in the appropriate space.
- Whether approved or denied, photocopies of any application received by the March 15 deadline must be sent by April 1 to the Applicant and the Resident School District.
- **NOTE:** Unless the student relocated to a different district after February 1<sup>st</sup>, had a previous option district merge after February 1<sup>st</sup>, or became eligible for the option as a result of changes made to 79-234(1) R.R.S. by LB 410 (2013), applications submitted after the March 15 deadline must have Section 2 completed or be accompanied by a written release from the Resident School District that includes a statement of deadline waiver, the signature of the superintendent and the date of such action. The application should also be sent to the Applicant and the Resident School District.

#### DIRECTIONS FOR COMPLETING THE CHANGE OF STATUS SECTION:

- When an Option student moves out of the Resident School District, completes grades offered in the Option School District, becomes a resident of the affiliated high school district or ceases to attend the Option School District for other reasons, the Option School District should complete the Change of Status section and send photocopies to the Applicant and the Resident School District.
- When the parents seek to withdraw an application or cancel an approved Enrollment Option transfer, they may notify the Option District official who will then complete the Change of Status, or parents may complete the Change of Status and affix their own signature. In either case, copies must be provided to the Option and Resident districts.

#### APPEAL PROCESS:

The parent or legal guardian may appeal a rejection of an application or of a request to release to the State Board of Education within thirty days after the date the notification of the rejection is received. A sample petition form for this appeal can be found in Appendix A of the Nebraska Department of Education's Rule 61 (<http://www.education.ne.gov/LEGAL/webrulespdf/RULE61.pdf>).

## **NOTICE OF POLICY ON OPTING OUT OF ASSESSMENTS**

The Board of Education has adopted a policy on approval and denial of state and federal assessment opt-out requests, which is based on requirements in law. The policy can be requested by contacting the Superintendent of Schools at [or can be viewed online by visiting: {hyperlink}].

NOTE: Provide this notice at the beginning of the school year to parents of students attending schools receiving Title I funds. It can be included in handbooks or sent as a stand-alone document.

## **NOTICE OF PARENTAL RIGHTS**

The Family Education Rights and Privacy Act (FERPA) provides parents and guardians certain rights with respect to their student's education records. These rights include the right to inspect and review the student's education records within 45 days of the day the school receives a request for access; and the right to request the amendment of the student's education records that you believe to be inaccurate.

If you believe one of your student's records is inaccurate, you should write the school principal, clearly identify the part of the record you want changed, and specify why it is inaccurate. If the school decides not to amend the record as requested, it will notify you of the decision and advise you of your right to a hearing regarding the request for amendment.

FERPA and the Nebraska Public Records Law authorize school districts to make "directory information" available for review at the request of non-school individuals. These laws also give parents and guardians a voice in the decision-making process regarding the disclosure of directory information regarding their children.

Directory information is information contained in a student's education record that would not generally be considered harmful or an invasion of privacy if it were disclosed. For example, an athletic program that lists the names of team members and their heights and/or weights and an academic program that lists the names of students receiving academic awards both contain directory information. So do other school district publications and the district's web site. Directory information includes the following information about a student:

- Name and grade
- Address
- Telephone number, including the student's cell phone number
- E-mail address
- Date and place of birth
- Dates of attendance
- The image or likeness of students in pictures, videotape, film or other medium
- Major field of study
- Participation in activities and sports
- Degrees and awards received
- Weight and height of members of athletic teams
- Most recent previous school attended
- Certain class work which may be published onto the Internet

- Classroom assignment and/or home room teacher
- Student ID number, user ID, or other unique personal identifier used by the student for purposes of accessing or communicating in electronic systems, but only if the identifier cannot be used to gain access to education records except when used in conjunction with one or more factors that authenticate the user's identity, such as a personal identification number (PIN), password, or other factor known or possessed only the authorized user.

Directory information about your student(s) can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that market or manufacture class rings, sell student photographs or publish student yearbooks.

Federal law requires school districts to provide military recruiters and institutions of higher education with the names, addresses and telephone listings of high school students unless parents have notified the school district that they do not want this information disclosed without prior written parental consent.

**You have two options:**

**If you *DO NOT OBJECT*** to the disclosure of directory information about your student, you do not need to do anything.

**If you *OBJECT*** to the disclosure of any directory information about your student, you should write a letter to the principal at the building where your student(s) attend(s) school. This letter should specify the particular categories of directory information that you do not wish to have released about your child or the particular types of outside organizations to which you do not wish directory information to be released. This letter must be received by the school district no later than \_\_\_\_\_.

***Non-directory Information.*** Please be aware that all of the other personally identifiable information about your student(s) that is contained in this school district's education records will generally not be disclosed to anyone outside the school system except: (1) in accordance with the provisions of FERPA and regulations, (2) in accordance with state statutes and regulations, or (3) in accordance with your written instructions.

**Internal Use of Information.** Whatever choice you make, the school district will be able to use this directory information for internal school purposes and to share it with other education institutions in accordance with law.

**Transfer of Records Upon Student Enrollment.** Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. The school is not obligated to inform you when it makes a disclosure under this provision.

**Complaints.** You have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the School to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

**Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202-4605**

**RESOLUTION ON SCHOOL DISTRICT STANDARDS FOR ACCEPTANCE OR REJECTION OF OPTION ENROLLMENT APPLICATIONS**

WHEREAS, \_\_\_\_\_ Public Schools is committed to providing an education of high quality to its students in an economically efficient manner; and

WHEREAS, the school district's faculty, facilities, and equipment can serve only a limited number of students effectively; and

WHEREAS, the \_\_\_\_\_ Board of Education, in consultation with the administration, has reviewed the school district's faculty, facilities, equipment, interdisciplinary efforts and interrelationships of grades, subjects, and faculty; and has determined the maximum number of students it can serve effectively at any given grade level and in total;

NOW, THEREFORE BE IT RESOLVED that the board adopts the following standards for acceptance or rejection of option enrollment applications:

**Numeric Capacity.** The capacity in the following grade levels, programs, classes, and/or school buildings is as follows:

[NOTE TO BE DELETED: YOU MAY SET NUMERIC CAPACITY BY ESTABLISHING THE MAXIMUM NUMBER OF STUDENTS FOR EACH PROGRAM, CLASS, GRADE LEVEL, OR BUILDING. YOU MAY ALSO SET NUMERIC CAPACITY BY DECLARING THE NUMBER OF OPTION STUDENTS YOU WILL ACCEPT INTO ANY PROGRAM, CLASS, GRADE LEVEL, OR BUILDING. IF YOU ELECT THE SECOND APPROACH, YOU SHOULD CHANGE THE LIST BELOW TO REFLECT THE NUMBER OF OPTION STUDENTS YOU WILL ACCEPT INSTEAD OF THE CAPACITY OF EACH SUCH PROGRAM, CLASS, GRADE LEVEL, OR BUILDING.]

- Each grade level in grades kindergarten through 8: \_\_\_\_ students
- Each grade level in grades 9 through 12: \_\_\_\_ students
- Students in special education programs requiring specific academic and behavioral support: \_\_\_\_ students
- Other: \_\_\_\_\_

Total enrollment for the school district: \_\_\_\_ students.

**Programmatic Capacity.** The board declares the following grade levels, programs, classes, and school buildings to be at capacity such that no option applications into any of the following will be accepted: \_\_\_\_\_.

**Other Standards.** The school district shall not accept an option student when acceptance of the student:

- (a) Would increase the operating costs of the school district, such as by requiring the hiring of new staff or contracting with outside entities to provide services to the student;
- (b) Would require the procurement of new equipment, technology, or furnishings;
- (c) Would cause or require the rearrangement of caseloads for staff and contracted professionals;
- (d) Is reasonably deemed by appropriate school staff to pose a potential risk to the health or safety of students or staff;
- (e) May pose a risk of adversely affecting the quality of educational services being provided to resident students, as determined by appropriate school staff.

After the above resolution was read, board member \_\_\_\_\_ moved for passage of the motion. Board member \_\_\_\_\_ seconded the motion. After discussion, and on roll call vote, the following members voted in favor of the motion: \_\_\_\_\_.

The following members voted against the motion:

\_\_\_\_\_.

The following members did not vote:

\_\_\_\_\_.

Having been consented to by a majority of the voting members, the board president declared the motion to have been passed and adopted.

## Protection of Pupil Rights Amendment (PPRA) Notice and Consent/Opt-Out for Specific Activities

The Protection of Pupil Rights Amendment (PPRA), 20 U.S.C. §1232h, requires the school district to notify you and obtain consent or allow you to opt your child out of participating certain school activities. These activities include a student survey, analysis, or evaluation that concerns one or more of the following eight areas ("protected information surveys"):

1. Political affiliations or beliefs of the student or student's parent;
2. Mental or psychological problems of the student or student's family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged relationships, such as with lawyers, doctors, or ministers;
7. Religious practices, affiliations, or beliefs of the student or parents; or
8. Income, other than as required by law to determine program eligibility.

This requirement also applies to the collection, disclosure or use of student information for marketing purposes ("marketing surveys"), and certain physical exams and screenings.

The following list of activities requiring parental notice and consent or opt-out for the upcoming school year is not exhaustive. If surveys and activities are scheduled after the school year starts, the school district will provide parents, within a reasonable period of time prior to the administration of the surveys and activities.

---

This is a sample dealing with a survey requesting protected information. You will need to complete the form using information for your district's specific activities.

**Date:** On or about October 31, 2005

**Grades:** 7th and 8th

**Activity:** Survey of At-Risk Behaviors

**Summary:** This is an anonymous survey that asks students questions about behaviors such as drug and alcohol use, sexual conduct, violence, and other at-risk behaviors. The survey also asks questions of a demographic nature concerning family make-up, the relationship between parents and children and use of alcohol in the home.

If a survey of this nature is funded, in whole or in part, by a program administered by the U.S. Department of Education, the school district must obtain the written consent of a student's parent(s) before the student participates in the survey.

**Consent:** A parent must sign and return the attached consent form no later than \_\_\_\_\_ so that your child may participate in this survey.

If a survey of this nature is funded by any source other than the U.S. Department of Education, the school district must simply provide parents the opportunity to opt out of the survey.

**Opt-out:** Contact \_\_\_\_\_ at \_\_\_\_\_ no later than \_\_\_\_\_ if you do not want your child to participate in this survey.

\_\_\_\_\_

If you wish to review any survey instrument or instructional material used in connection with any protected information or marketing survey, please submit a request to \_\_\_\_\_, at \_\_\_\_\_. He/she will notify you of the time and place where you may review these materials. You have the right to review a survey and/or instructional materials before they are administered to your student.

\_\_\_\_\_

I, \_\_\_\_\_, give my consent for \_\_\_\_\_ to take the Survey of At-Risk Behaviors on or about October 31, 2016.

Please return this form no later than \_\_\_\_\_ to the school.

\_\_\_\_\_

\_\_\_\_\_

This is a sample notifying parents of physical exams and health screenings. You will need to complete the form using information for your district's specific activities.

**Date:** On or about October 31, 2016

**Grades:** 9- 12

**Activity:** Flu Shots

**Summary:** The county health department will administer flu shots for influenza types A and B. Students will be examined for evidence of illness before administration of the immunizations.

**Opt-out:** Contact \_\_\_\_\_ at \_\_\_\_\_ no later than \_\_\_\_\_ if you do not want your child to participate in this survey.

---

We have not included a sample notifying parents of marketing because most school districts only provide vendors with directory information about students. If your school district provides vendors with additional information (for example, student social security numbers), please contact us and we will assist you in drafting a PPRA notice for that activity.

I acknowledge that I have been provided with the address and telephone number of the child's parent or guardian by school officials. I also acknowledge that I am familiar with and will comply with the obligations imposed on me by NEB. REV. STAT. § 79-294, which is set forth below:

When a principal or other school official releases a minor student to a peace officer as defined in section 49-801 for the purpose of removing the minor from the school premises, the principal or other school official shall take immediate steps to notify the parent, guardian, or responsible relative of the minor regarding the release of the minor to the officer and regarding the place to which the minor is reportedly being taken, except when a minor has been taken into custody as a victim of suspected child abuse, in which case the principal or other school official shall provide the peace officer with the address and telephone number of the minor's parent or guardian. The peace officer shall take immediate steps to notify the parent, guardian, or responsible relative of the minor that the minor is in custody and the place where he or she is being held. If the peace officer has a reasonable belief that the minor would be endangered by a disclosure of the place where the minor is being held or that the disclosure would cause the custody of the minor to be disturbed, the peace officer may refuse to disclose the place where the minor is being held for a period not to exceed twenty-four hours. The peace officer shall, however, inform the parent, guardian, or responsible relative whether the child requires and is receiving medical or other treatment. The juvenile court shall review any decision not to disclose the place where the minor is being held at any subsequent detention hearing.

## NEBRASKA JUVENILE COURTS: EDUCATION COURT REPORT

**Instructions:** The Nebraska Supreme Court's Commission on Children and Families in the Courts – Education Sub-Committee has developed the *Nebraska Juvenile Courts: Education Court Report* to assist judges in ensuring the academic needs of court-involved children and youth are addressed as well as developmental needs of infants and toddlers. The *Education Court Report* contains a series of questions designed to provide the judge with pertinent information about the child's education and development. The extent to which all or only a portion of those questions are explored will vary based on the child's age and specific circumstances. Use of the *Education Court Report* promotes the expectation that child welfare and juvenile justice professionals have ongoing communication with the child's school, preschool or child care provider and are prepared to report relevant information to the Court. Once completed, the *Education Court Report* may contain confidential information under state and federal law and should not be released without a Court order.
